

THE
LOUDONVILLE
ASSISTED LIVING RESIDENCE

A Neighborhood of Care

Welcome Home

Life is a journey with many paths. Our mission is to preserve and support the dignity and uniqueness of each person.

A person-centered care community offering a continuum of care

Operated by the Levine family, Loudonville Assisted Living Residence has a long history of providing quality and compassionate care. Spanning three generations and more than 45 years, our family heritage and commitment have evolved to meet the growing needs of our senior population. Loudonville's services have expanded to provide three distinct communities of care.

*Assisted Living, Enhanced Assisted Living
& Memory Care.*

Loudonville is more than a home; it's an all-inclusive *neighborhood of care*. Our services are offered within an intimate, neighborhood homelike setting where engaging activities, supportive services and spirited conversation surround you. These centers truly allow our residents to age in place.

Assisted Living at Loudonville

Here at Loudonville residents are able to enjoy as much independence as they desire, with the peace of mind that comes with knowing personal care and support services are available if needed.

Nestled in the quiet hamlet of Loudonville, our home is set on picturesque, parklike grounds. Residents enjoy the unmistakable charm of a warm English Tudor manor. Fine art and antiques underscore a feeling of elegance and tradition. Our suites and apartments feature gracious interior design, awaiting those personal touches that each resident is encouraged to bring to create that feeling of coming home.

Enhanced Assisted Living at Loudonville

Each member of our team is committed to providing residents with a safe and secure environment, where dignity and respect are a top priority. This holds true in every facet of Loudonville, including the beautiful new enhanced assisted living wing.

Enhanced assisted living at Loudonville provides our senior community with a comfortable and secure alternative to nursing home care. Our new enhanced wing allows Loudonville residents to remain in their current setting even as they begin to require more specialized care. Designed to access natural light throughout, the newly constructed, vaulted great room and dining space brings a vibrant energy to the enhanced assisted living environment as well as to the rest of the home.

Our enhanced program is staffed with specially trained and dedicated senior care professionals, ensuring that residents in our enhanced care receive the individualized attention they require. A high staff-to-resident ratio ensures appropriate medication management, consistent interaction and ongoing assistance with the activities of daily life.

The Gerald Levine Center for Memory Care

The Gerald Levine Center for Memory Care is a residence where people with Alzheimer's disease and related memory disorders thrive.

Developed in consultation with program professionals with more than 25 years experience in dementia design and care, Loudonville's 18 resident rooms frame two inviting living spaces for an intimate, easily navigated, secure environment to call home. Resident memory boxes, a flood of natural light and an absence of long hallways are just some of the details that make daily routines easier. To encourage community and interaction, residents and staff share meals and participate in a myriad of activities.

At Gerald Levine, we are committed to addressing the unique medical, emotional, physical and social needs of each person entrusted to our care. This secure residential environment provides assistance and structure to help promote each resident's unique capabilities. The Gerald Levine Center is a place that encourages acceptance and understanding while preserving the warmth, comfort and routine of home.

Compassion is in the Details

Our highest priority is to care for each resident as if he or she were a member of our own family. Of course we know everyone's name, but we also know all those details that make our residents feel important, known and cared for, whether it's making sure they have their preferred newspaper or their favorite dish at dinner.

With our person-centered care philosophy, we are able to give every person the individual attention he or she deserves. Our professional, compassionate staff has earned the trust of residents and their families for three generations by meeting each need with dignity and concern.

“When I entered through
your doors, I knew that
this is where I wanted
my mother to be.”

- Mary S.

From Our Family to Yours

For more than four decades, our family has proudly served our senior community by operating Loudonville Assisted Living Residence. As such, Loudonville has earned a reputation as one of the finest residences of its type in the Northeast.

Our philosophy is based on traditional values that recognize the unique needs and preferences of each person. At Loudonville, you'll find yourself surrounded with support, choice and a path that fosters independence.

Visit us at Loudonville and see for yourself what it means to be a part of our family. We take pride in our neighborhood, community and friends. We are fully licensed by the New York State Department of Health and work hard to ensure our home not only meets but exceeds their standards.

Our doors are always open, and we encourage you to come for a visit. Meet our family of residents and dedicated staff. See for yourself the many things that Loudonville has to offer, and witness our personal commitment to quality as you experience all aspects of the care we provide.

To schedule a visit or for more information, please call us at 518-463-4398, or visit us online at www.loudonvilleALR.com.
